9 November 2016

Dear Parent/Carer

CGP Science Revision Books

Your son/daughter is currently studying for GCSEs in Science. It would be highly beneficial for them to have access to revision guides to help accelerate their progress and maximise their success in the subject. The school is able to order revision guides, which are all subject specific and contain all of the course content up to year 11, at a discounted price for your son/daughter.

Also available, will be workbooks with questions for the students to work through independently and student textbooks for more detailed content coverage. They complement the content covered in lessons and are specific to each revision guide.

Books will need to be ordered and paid for in advance by parents using the new ParentPay system. Please select on ParentPay the selection of books you would like to purchase. The books, which are most suitable to your son/daughter's GCSE course and ability, will appear for you to select and pay for. For your reference, attached is the list of the books that are available to buy. Once ordered, please ask your son/daughter to collect from Mrs Norton in the first floor science prep room by bringing a copy of the confirmation email (either printed or electronic). If you would like to place an order please do so by Friday 18th November. Your son/daughter will be able to collect their books from Friday 25th November.

If you would like to buy these books, but are unable to meet the cost, please contact me at the school.

Yours sincerely,

Mr E Du-prat
Director of Science

Enc.

Book	Cost	GCSE Course
