

## Dear Parent

We're excited to advise you that we will be supporting the World Food Programme during World Food Week from 10th to 14th October.

We will be helping to provide free school meals for children in Kenya by taking part in their campaign with Unilever Food Solutions and our local Catering Service.

The World Food Programme is the largest humanitarian agency fighting hunger worldwide and is the food aid arm of the United Nations. It is funded entirely by voluntary donations and its ultimate objective is to create a world with zero hunger.

To support the initiative, the catering team will be putting on a menu of 'international' dishes throughout the week to show the students the different tastes and cultures that are key to the regions of the world where the World Food Programme works.

We will also be hosting our own fundraising activities (insert fundraising activities that you will be hosting) to generate additional funds for the programme.

We're all too aware how important school meals are to our own children and this initiative is a great opportunity to help.

We hope you will join us in supporting this initiative and we look forward to letting you know how the fundraising progresses.

Yours sincerely
