

## **SNOW POLICY**

The Headteacher, taking account of LA guidelines will make the decision, if necessary, as early in the morning as possible to close the school due to bad weather conditions. This decision is then broadcast on the main local radio stations:

West Midlands            95.7 fm

BRMB                      96.4 fm

Heart                      101.7 fm

If there is a heavy overnight snowfall get up early and turn the radio on. If there is not an announcement you must assume school is open as normal and attend at the usual time.
