Dear Parents and Carers

Please find below advice from the Department for Education regarding home testing kits for families with children at school or college. They have asked that we share this information with families as soon as possible. There are links within the text that will give further advice about how these tests can be obtained.

**Asymptomatic testing information for parents and adults in households with children at school or college**  
NHS Test and Trace announced earlier this week, that all adults in households with school and college age children without symptoms can now access regular rapid coronavirus (COVID-19) testing. Test kits can either be collected or ordered online, as set out below. Secondary school and college students will continue to access testing through their school or college.

Undertaking regular, rapid coronavirus (COVID-19) testing helps reduce transmission of the virus. Parents and other adults in households with children at school or college, who do not have symptoms, can now access regular, rapid coronavirus (COVID-19) testing. This includes childcare and support bubbles.

Tests are fast, easy and completely free. There are [different ways](#) for a household, childcare or support bubble to collect their test to take at home, twice-weekly:

- Through your employer, if they offer testing to employees.
- by collecting a home test kit from a local test site – anyone aged 18 or over can collect 2 packs of 7 tests.
- by ordering a home test kit online – please do not order online if you can access testing through other routes, this frees up home delivery for those who need it most.

If you have any queries about the tests, and you live in England, please call 119 (free from mobiles and landlines). Lines are open every day from 7am to 11pm.

Yours faithfully

**Mrs T Peters**
