

30 March 2022

Dear Students, Parents and Carers

As we approach the Easter break and the examination season is fast approaching, we are writing to confirm the arrangements for the examination period. We have shared the examination timetable which you can find on the Exams Information 2022 page on the school website or alternatively [click here](#) and students have also received their individual examination timetables.

It is essential that students have good attendance to school during this time so that they can benefit from the focused revision and re-teach sessions that have been organised as a direct response to the advance information that has been released by the exam boards which again can be found in the Exam Information 2022 page on the school website or alternatively [click here](#). The last week of term will also involve extended sessions in option subjects to ensure that students have the opportunity to complete coursework and practise extended assessment.

Throughout the examination period, we will expect students to remain in school so that they can benefit from increased focus time before their exams.

I hope that you all have an enjoyable Easter break and look forward to working with the students when they return.

Yours sincerely

Ms T Richards
Deputy Headteacher
