

April 2022

Dear Parents and Carers

Work Experience:- 18 – 22 July 2022

We are busy making plans for the summer term and wanted to highlight to you the Work Experience week that has been scheduled for week beginning Monday 18 July to Friday 22 July 2022.

This is the last week of our summer term with the week before being an activity week where we will have a full week including a trip, guest speakers and activities delivered by external providers to give our students an enriched curriculum.

For the last two years, Work Experience has been of a virtual nature and students each week have the chance to sign up and apply for different virtual experiences through our Speakers for Schools link. A number of students have taken part and gained much knowledge and insight into working in a particular industry [click here](#) for further information.

This year, we have launched the in-person work experience for our students which will take place in the last week. All students are aware of the dates and have been given some ideas on how to find a placement. Friends and family links are always a good place to start, and we are encouraging students to contact local organisations too. Once your child has secured a work experience placement, we will need to know the contact details so we can complete a risk assessment to meet our insurance and health and safety requirements. We will also require your signed consent once we have completed the required process. If you have any questions, please do not hesitate to contact me.

Your sincerely

Mrs A Sharp
Head of Year 12/13
