

At John Willmott we are launching the Safer Schools App to our entire community- Including staff, parents and pupils. This will be launched with pupils in assemblies week beginning 11th July.

**The online world can be a bit overwhelming at times but it is important we understand what our children are doing online so we can help make them safer. The Safer Schools App aims to help with this.**

We are delighted to invite you to download our new Safer Schools App provided by our school insurance provider Zurich Municipal.

The App is designed to support and protect children by educating and empowering them both at school and at home. Through their log-in, your children get access to information that is relevant to them and you will receive tips and advice on how to keep them safer online.

**Excited? Ready to make your children safer?  
Download the Safer Schools App now!**

★  
*Make sure to enable push notifications to keep up-to-date with our tips, advice and guidance on how to make your children safer.*

Educate, empower & protect the entire school community.

## Download and Login Instructions

### STEP 1

Search 'Safer Schools' and download the App.

### STEP 2

When you open the Safer Schools App, you will be presented with the login screen. Here you will see your two options for accessing the App - numeric or QR.

#### 1) Scan the QR Code

First, tap the "Scan QR Code" button (...or just Scan QR on Android...).

Hold your device so the QR code appears in your camera view (you may need to give permission for the App to use the camera). When it scans the code, you will be logged in!

#### 2) Using the Numeric Code

In the "Select your school" section, choose your organisation from the dropdown list and click 'continue'.

Next, simply enter the 4-digit access entry code for your role within the school (parent/carer, staff or pupil).
